Dear Parents and Caregivers,

In 2016 the school is trialling the running of sport lessons in The Fifty Cent Hall in Roebourne. We think this will be of great benefit to students, especially during the hotter terms.

Kindergarten children will be driven by bus from school to the hall, and back again. The sport teacher and classroom assistants will also be on the bus.

All other classes will walk from the School to the Hall and back again, with the sport teacher and classroom assistants. Pre-primary students will be provided with footwear if needed.

There is no cost involved.

I, ______________________ give my consent for __________________________________________

to participate in sport lessons at The Fifty Cent Hall, in 2016.
