## Roebourne District High School

Wayiba, Wanthiwa Tharnardu, Hello.

### Healthy Yirramagardu Nutrition Club

The Nutrition Club was established many years ago so that families can provide their children with a healthy lunch. Ensuring students are able to order their lunch daily has a positive impact on their behaviour and school attendance.

Families pay \$40 per child, per fortnight straight from their Centrelink payments or fortnightly direct debits. Students on the Nutrition Club can order any food from the menu irrespective of price. Drinks, recess and slushies are not included. The days a student does not attend school, their credit is put on their account.

The form to set up a Centrelink deduction is available from the front office or on the Roebourne DHS [website](#). The forms will be lodged with Centrelink by Roebourne DHS staff.

Our canteen was a 4 Starcap canteen long before nutrition in schools became mandatory (Traffic lights). Currently the canteen is providing about 90% green products when the legal requirement is 60%.

Please contact admin if you want to know more.
